

I am thrilled to be joining the Egremont team as the second grade teacher this year. I have spent a total of eleven years working as a kindergarten teacher at Pinecrest in Woodland Hills. I also taught at the Pre-K level for two years in the beautiful state of Colorado. I am ready and excited about the challenges and experiences that come with teaching second grade. I completed my education at California State University, Northridge. In the classroom, it is my philosophy to create an enthusiastic approach to all subjects. By setting challenging, yet tangible goals, a feeling of pride and accomplishment can be reached. By giving responsibly and ownership to students, independence and conscientiousness can be developed. What I most enjoy as a teacher is creating a healthy and happy learning environment where my students can not only grow, but flourish and have fun, while receiving the best academic curriculum possible. When I'm not teaching, I love spending time with my husband, six year old daughter, Everly, and my large extended family. I am a huge fan of the beach, Pinterest, traveling, and I always enjoy a good mystery. Every time a child reaches an academic goal, discovers something new about themselves, or learns a new concept, I feel a great sense of pride and accomplishment that cannot be found outside of teaching.
